Lauren -

Good afternoon. I did indeed find the book that the decree came from. After 3 hours of searching I have unfortunately not been able to locate the entire file. I apologize for the lack of better news.

Subject: [EXTERNAL] Simpson court case - 1901

Hi Dawn -

Thank you for your help with locating the information on my Simpson family from 1901. I'm attaching the page which I downloaded (p. 53) and am copying the image of the book below - "Default Record Decree Divorce Attachments Mechanics Liens - 4". My fingers and toes are crossed that the file still exists, but either way, I'm very appreciative of your assistance in helping track down this information!
