Dear Uncle

I received your (letter) yesterday. Was glad to hear from you.

Mother is still hanging on yet but she is pretty feeble. She may last quite a spell yet.

We will (let) you know as soon as possible when she goes.

We have cards addressed to all the folks ready to send. It looks as tho we have to send them last summer but she seemed to get stronger again. She remembers things yet and knows us all.

I see by the papers that you are having a hard winter. Well we have here, not as bad as yours but the worst one that I ever saw in Oregon. We had 18 in. but is all gone now. Lots of rain and cold. Down to 16 one night.

I am the only one to have a cold this winter but am better

now. I lost my job
on W.P.A. on account
of age, am now on
relief and they are
awfully stingy with it.
I got me a job cutting
cord wood at \$1.50 per
cord but I will not
let the relief folks
know about it.
I bought me a Ford
cope for \$4.00 and traded
it for a drag saw.
I had to spend about \$6
to fix it up and can
get \$50.00 for it now
but will keep it till
I get the wood sawed.

I'll bet your pension
comes in handy.
This state don't give us
a pension till we are
70 and not then if
they can get out of it.
They would rather we
would starve to death
but the Townsend
plan will be in
operation before I am
70. So you have
had your teeth all
out well I had my
lower ones pull last
June and can't make
enough to have new
ones yet.
